LEARNING OUTCOMES.

Global Business Management courses will cover core business topics such as project management, business communications, financial and managerial accounting, operations management, entrepreneurship, human resources management and business management to ensure you can navigate any business environment. Additionally, you'll gain knowledge in specialized global business topics:

- + International business law
- + International entrepreneurship & innovation
- + Global business research and analysis
- + International business planning
- + International social selling & digital marketing
- + International marketing
- + International finance & banking
- + Project Management
- + Business networking

To help you retain information, you'll learn these topics in small seminar classes, listen to lectures by guest speakers, partake in external competitions and industry visits, present research reports and more.

Upon graduation from this college business program, you'll have skills and knowledge that will allow you to confidently pursue entry-level management roles and be transferable across several industries.
