## LEARNING OUTCOMES.

Throughout the first 48 weeks Global Business Management courses will cover core business topics such as project management, business communications, financial and managerial accounting, operations management, entrepreneurship, human resources management and business management to ensure you can navigate any business environment. Additionally, you'll gain knowledge in specialized global business topics:

- + International business law
- + International entrepreneurship and innovation
- + Global business research and analysis
- + International business planning
- + International marketing
- + International social selling & digital marketing
- + International finance & banking
- + Project Management
- + Business networking

CAD/YEAR

To help you retain information, you'll learn these topics in small seminar classes, listen to lectures by guest speakers, partake in external competitions and industry visits, present research reports and more.

You will then begin a 48 week paid internship during which you will continue to apply the skills you learned in the program.

By enrolling in the course, you will learn from top industry professionals, engage in real world projects with community partners, team up with students from our other programs, network and build connections with hiring partners and professionals in the business, technology and start-up industries, and build a robust portfolio with tangible results to jumpstart your career as a Global Business Leader.
